### Support the Guard and Reserve!

Many of the National Guard and Reserve units have been called to serve active duty. In addition to their military service, these men and women have jobs and families to worry about.

*Employer Support of the Guard and Reserve* is a national organization that advocates for employers to show their support by not denying employment or limit career opportunities because of Guard and Reserve commitments.

Representative McMorris is urging all employers to show their support of the National Guard and Reserve by understanding the vital role they serve to ensure our national security. If you, or someone else you know, would like a sign to hang in a place of business that supports National Guard and Reserve personnel, please contact our office.

## Rep. McMorris Flies Fairchild Refueling Mission

**Rep. McMorris accepting  
her flight suit from the WA  
Air National Guard**

Representative McMorris and her staff were invited to experience a real-life refueling mission with the 141st Washington Air National Guard, last Thursday.

McMorris and her staff were given a curriculum of the WAANG history. The WAANG used their training mission to give McMorris a chance to truly understand the refueling mission.

The whole experience gave Rep. McMorris a new appreciation for the hard work and dedication that goes into such a mission.
